BEHAVIOURAL PROCESSES

Author Index

Beaugrand, J.P., see Cloutier, S. (34) 293
Belzung, C., see Blois-Heulin, C. (34) 197
Blois-Heulin, C. and Belzung, C.
Effects of previous familiarization on novelty reactions in mice (*Mus musculus*) (34) 197
Bouissou, M.F. and Vandenheede, M.
Fear reactions of domestic sheep confronted with either a human or a human-like model (34) 81
Box, H.O., Röhrhuber, B. and Smith, P.
Female tamarins (Saguinus - Callitrichidae) feed more successfully than males in unfamiliar foraging tasks (34) 3
Briedermann, L., see Le Pendu, Y. (34) 67
Brown, R.W., see Kraemer, P.J. (34) 265

Cammaerts, R.
Regurgitation behaviour of the *Lasius flavus* worker (Formicidae) towards the myrmecophilous beetle *Claviger testaceus* (Pselaphidae) and other recipients (34) 241
Cannon, C.B. and McSweeney, F.K.
Within-session changes in responding when rate and duration of reinforcement vary (34) 285
Cloutier, S., Beaugrand, J.P. and Laguë, P.C.
The effect of prior victory or defeat in the same site as that of subsequent encounter on the determination of dyadic dominance in the domestic hen (34) 293
Compton, D.M.
An investigation of the role of the hippocampus and the amygdala in the encoding of a serial pattern: Effects of a long inter-element interval (34) 113

Delumeau, O. and Meunier-Salaün, M.C.
Effect of early trough familiarity on the creep feeding behaviour in suckling piglets and after weaning (34) 185

Faure, J.M., see Mills, A.D. (34) 13
Faure, J.M., see Turro-Vincent, I. (34) 23
Ferguson, S.A. and Paule, M.G.
Lack of effect of prefeeding on food-reinforced temporal response differentiation and progressive ratio responding (34) 153
Foster, T.M., see Robinson, T.A. (34) 233
Fresquet, N., see Le Bourg, E. (34) 175

Galef Jr., B.G. and Whiskin, E.E.
Are socially acquired behaviours irreversible? (34) 279
Gerard, J.F., see Le Pendu, Y. (34) 67
Grimal, A., see Le Bourg, E. (34) 175

Hausberg, C., see Langecker, T.G. (34) 161

Janus, C., Koperwas, J.S., Janus, M. and Roder, J.
Rearing environment and radial maze exploration in mice (34) 129
Janus, M., see Janus, C. (34) 129
Jones, R.B., see Mills, A.D. (34) 13

Katsir, Z.
The meaning of the 'variations' in the babbler 'shout': A musical-ethological approach (34) 213
Kaur, K., see Malhi, C.S. (34) 55
Koperwas, J.S., see Janus, C. (34) 129
Kraemer, P.J., Brown, R.W. and Randall, C.K.
Signal intensity and duration estimation in rats (34) 265

Laguë, P.C., see Cloutier, S. (34) 293
Langecker, T.G., Neumann, B., Hausberg, C. and Parzefall, J.
Evolution of the optical releasers for aggressive behavior in cave-dwelling *Astyanax fasciatus* (Teleostei, Characidae) (34) 161
Launay, F., see Turro-Vincent, I. (34) 23
Le Bourg, E., Grimal, A., Fresquet, N. and Lints, F.A.
Spontaneous locomotor activity of *Drosophila melanogaster* flies at various gravity levels (0 g, 1 g, 1.8 g) during parabolic flights (34) 175
Lefebvre, L.
The opening of milk bottles by birds: Evidence for accelerating learning rates, but against the wave-of-advance model of cultural transmission (34) 43
Leone, V.G., see Londei, T. (34) 105
Le Pendu, Y., Briedermann, L., Gerard, J.F. and Maublanc, M.L.
Inter-individual associations and social structure of a mouflon population (*Ovis orientalis* musimon) (34) 67
Lints, F.A., see Le Bourg, E. (34) 175
Londei, T. and Leone, V.G.
Mouse pups discriminate food gnawed by conspecifics (34) 105

Malhi, C.S. and Kaur, K.
Food preference behaviour of the five-striped squirrel, *Funambulus pennanti* Wroughton (34) 55
Maublanc, M.L., see Le Pendu, Y. (34) 67
McSweeney, F.K., see Cannon, C.B. (34) 285
McSweeney, F.K., see Weatherly, J.N. (34) 141

Meunier-Salaün, M.C., see Delumeau, O. (34) 185
Mills, A.D., Jones, R.B. and Faure, J.M.
Species specificity of social reinstatement in Japanese quail *Coturnix japonica* genetically selected for high or low levels of social reinstatement behaviour (34) 13
Mills, A.D., see Turro-Vincent, I. (34) 23

Neumann, B., see Langecker, T.G. (34) 161

Parzefall, J., see Langecker, T.G. (34) 161
Paule, M.G., see Ferguson, S.A. (34) 153
Picard, M., see Turro-Vincent, I. (34) 23
Pletnicov, M.V., Storozheva, Z.I. and Sherstnev, V.V.
Developmental analysis of habituation of the acoustic startle response in the preweanling and adult rats (34) 269
Poling, A., see Robinson, T.A. (34) 233

Randall, C.K., see Kraemer, P.J. (34) 265
Robinson, T.A., Foster, T.M., Temple, W. and Poling, A.
Performance of domestic hens under progressive-ratio schedules of food delivery (34) 233
Roder, J., see Janus, C. (34) 129
Röhrhuber, B., see Box, H.O. (34) 3

Sandnabba, N.K.
Predatory behaviour in females of two strains of mice selectively bred for isolation-induced intermale aggression (34) 93
Sherstnev, V.V., see Pletnicov, M.V. (34) 269
Smith, P., see Box, H.O. (34) 3
Storozheva, Z.I., see Pletnicov, M.V. (34) 269

Temple, W., see Robinson, T.A. (34) 233
Turro-Vincent, I., Launay, F., Mills, A.D., Picard, M. and Faure, J.M.
Experiential and genetic influences on learnt food aversions in Japanese quail selected for high or low levels of fearfulness (34) 23

Vandenheede, M., see Bouissou, M.F. (34) 81
Van Liere, D.W.
Responsiveness to a novel preening stimulus long after partial beak amputation (beak trimming) in laying hens (34) 169

Weatherly, J.N. and McSweeney, F.K.
Within-session response patterns when rats press levers for water: Effects of component stimuli and experimental environment (34) 141
Whiskin, E.E., see Galef Jr., B.G. (34) 279
